Welcome!

Welcome to "Sunny Alberta" where you have the ability to combine an agricultural learning experience with a broad variety of recreational activities. Take in a fair or rodeo. Spend a night in a Bed and Breakfast. Enjoy fresh picked produce or a working country vacation.

This directory will tour you through five agricultural areas of the province providing information on fairs, events, and rural tourism businesses. A map outlines each area and provides you with some reference points for location of events.

Two databases have been combined to bring you this exciting publication: rural fairs and exhibitions and the agri-tourism directory. For the most current and up-to-date information access our web-site at **www.agric.gov.ab.ca** and check under rural development and directories.

The fairs and events in this directory are sponsored by Agricultural Societies.

Agricultural societies are non-profit volunteer groups that provide activities and facilities that improve the quality of life in their communities. There are 290 active agricultural societies in Alberta.

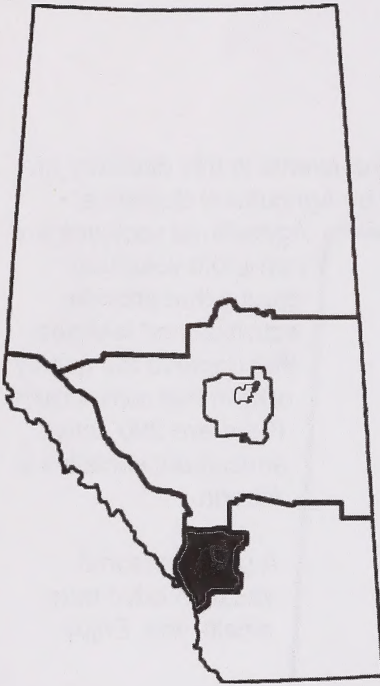

A great personal vacation adventure awaits you. Enjoy.
